

## Our Services

### ✓ Doctor and Nurse Visits

Your care home residents will be proactively visited by a GP/doctor or a senior nurse at regularly scheduled times. We guarantee at least 52 visits / year (Gold Plan).

### ✓ Occupational Therapy and Dietician Services

Included in the standard fee are visits and reviews by our Occupational Therapists and Dietitians, in order to best plan, implement and maintain safe living environments, and healthy and nutritious dietary standards for care home residents.

### ✓ Daily Advice and On-Call Service

Daily non-urgent health care advice (online) is included in the fee, however, there are extra charges for urgent On-Call visits by doctors or nurses.

## What we can offer for your care home and residents:

- ✓ Highly skilled nurses and doctors
- ✓ Guaranteed weekly visits
- ✓ Flexible visiting hours
- ✓ Fast and responsive team
- ✓ Quality of care improvement
- ✓ Affordable fees and plans

## Our Story

The Novium Clinic was founded by Dr. Niedzielski in order to provide superior private healthcare to patients of all ages. Dr. Niedzielski's experience in emergency medicine and general practice has given him a unique perspective on the needs of the elderly and those with special needs. He has brought together an experienced team to help care homes look after their residents in the best possible way, by prioritizing proactive care, by focusing on hospital admission prevention, and by always striving to improve the standards of physical and mental health care of his patients.

**Staff Bonus:** Novium Clinic doctors will also provide discounted private medical services for your care home staff, as part of our employee support package, when you subscribe to our Wellbeing Plan for your business.

**Disclaimer:** Our services are tailored to the needs of you and your care home's residents. They augment and improve on NHS care, but are not meant to be a complete replacement of regular NHS GP care.

## Our Vision

To serve a healthy and thriving group of patients, with clearly defined and communicated healthcare needs and plans.

## Our Mission

To greatly improve physical and mental well-being and quality of life of care home residents by providing regular contact with medical professionals, thorough clinical assessments, hospital admission prevention strategies, and meaningful communication with their families and/or NHS providers.

## Our Core Values

To provide utmost quality service with compassion, respect and dignity to all.
